WORK EXPERIENCE

NGO for Organ Donation Jan 2022 - April 2022

IGiftLife Foundation

- Worked as the Head of Graphic Team (Responsible for Game Designing)
- Helped in spreading awareness about organ donation by creating a Mobile Game
- Created Assets of the game to accomplish the goal by using Unity Engine
- Successful in getting the game placed on the NGO website portal and on play store in future

Freelance Graphic Designing Sep 2022

Prope Network

- Worked as a freelance Graphic Designer
- Designed Few logos for The Prope Network and The Nearbii App
- Made Logos with the help of Adobe Photoshop

PROJECTS MADE

Theme based Shopping Website

- Using HTML, CSS, JavaScript, PHP, and MySQL, me and my team developed an entire Harry Potter theme-based shopping website.
- I was taking care of JavaScript, PHP and MySQL
- The following modules were developed: Login, Sign-Up, Add to Cart, Product Categories, Quiz Portal, and Profile.
- Used JavaScript, HTML and CSS to design the UI/Frontend of the Website.
- PHP and MySQL were used to manage the database and the backend.

Ping-Pong Game (Using OpenGL)

- Created a Game in OpenGL Named Ping-Pong
- Language used to code the game is C
- There is a ball and a board in this, and you must not allow the ball fall off.
